

# INTERSONHOS, Brazil

## **Job shadowing Summary:**

- Comprehensive introduction through Intersonhos presentation and brainstorming activities to foster collaboration and understanding among participants.
- An interactive interview framework to facilitate meaningful interactions between companies and VET schools, enhancing the exchange of insights and perspectives.
- Insights into the Brazilian education system, particularly focusing on the VET system, and received a detailed presentation of a VET social care school, including staff, infrastructures, and sectors.

## **Job Shadowing Aims:**

- Facilitate cross-cultural understanding and collaboration among participants from different backgrounds and institutions.
- Enhance participants' knowledge and understanding of the Brazilian education system, particularly focusing on Vocational Education and Training (VET).
- Provide opportunities for participants to engage with various organisations and institutions specialised in support for people and access to healthcare for the most disadvantaged.

## **Job shadowing learning outcomes:**

- Increased understanding of the Brazilian education system, including its structure, challenges, and opportunities, with a particular focus on VET.
- Enhanced awareness of social care practices and support structures through presentations and visits to relevant institutions and organizations.
- Improved cross-cultural communication and collaboration skills through interactive activities and discussions.
- Strengthened empathy and awareness of social issues, particularly regarding access to healthcare for the most disadvantaged, through engagement with relevant stakeholders and discussions.

**Job shadowing activities:**

- Rio France Express presentation and brainstorming activities to introduce participants and foster collaboration.
- Creation of an interactive interview framework for companies and VET schools to facilitate meaningful interactions.
- Exploration of fears and expectations through a tree exercise to prepare participants for the job shadowing journey.
- Engaged in presentations, visits, and discussions related to the Brazilian education system, VET social care school, support structures for people, access to healthcare for the disadvantaged, and evaluation sessions for reflection and feedback.
